ST. MARY OUR PATRON SAINT

St. Mary, revered as the Mother of God and honoured as the foremost among all saints, serves as the Patron Saint of this esteemed institution. It is in her name that The Orthodox Syrian Church Society, Chandigarh (Regd.), founded this school. Her exemplary life and profound wisdom have greatly influenced Christianity, leaving an indelible mark not only on the Christian faith but also on world religions. May her guidance inspire us to educate ourselves in a manner that upholds the noble virtues of life.

The Chandigarh Orthodox Church is part of the global Christendom, which traces its origins to the Apostles of Jesus Christ. Among them, one Apostle, St. Thomas, came to India in A.D. 52, preaching the gospel of Christianity. His ministry led to the establishment of the Christian Church in India, making the Orthodox Church indigenous in its roots and history.

The headquarters of the Church is located in Kottayam, Kerala. The Church is led by His Holiness Moran Mar Baselios Marthoma Mathews III, who holds the position of the Supreme Head, endowed with all spiritual and temporal authority.

Illness and Isolation

While regular school attendance is important, children who are genuinely unwell should remain at home under adult care to recover and to avoid spreading illness to others. It is concerning when children with infectious diseases are sent to the school to attend classes or examinations.

At the first sign of fever, rash, or any other symptoms, parents should ensure the child undergoes a medical examination. The child should only return to the school based on a doctor's advice. Following recovery from an infectious disease, the child must complete the quarantine period as prescribed by a doctor and submit a medical fitness certificate, duly signed, to the school office before resuming classes.

Recommended Quarantine Periods:

| a. Chickenpox | : | 3 weeks (till complete falling of the scabs) |
| b. Measles | : | 2 weeks after the rash disappears. |

| e. Whooping Cough | : | 6 weeks |
| f. Conjunctivitis | : | 1 week |

Students suffering from any of the diseases like Asthma, Epilepsy, Juvenile Diabetes, Rheumatic Heart Diseases etc. are advised to be under continuous medical supervision of a Specialist Doctor. History of their illness must be filled up in the Health Form along with the treatment being taken.

NINE RULES FOR GETTING EFFECTIVE RESULTS FROM PRAYERS.

1. Set aside a few minutes every day. Do not say anything. Simply practise thinking about God. This will make your mind spiritually receptive.
2. Then pray moderately aloud, using simple, natural words. Tell God anything that is on your mind. Do not think you must use stereotyped pious phrases. Talk to God in your own language. He understands it.
3. Pray as you go about the chores of the day, on the bus or at your desk. Close your eyes to shut out the world and concentrate on God's presence. The more you do this every day, the nearer you will feel God's presence
4. Do not always ask when you pray, but instead affirm that God's blessings are being given, and spend most of your prayers giving thanks.
5. Pray with the belief that sincere prayers can reach out and surround your loved ones with God's love and protection.
6. Never use a negative thought in your prayer. Only positive thoughts get results.
7. Always express willingness to accept God's will. Ask for what you want, but be willing to take what God gives you. It may be better than what you ask for.
8. Practice the attitude of putting everything in God's hands. Ask for the ability to do your best and to leave the results confidently to God.
9. Have faith that whatever happens, happens for the best. 'His' plans are flawless. Just make sure you replenish what you draw from Mother Nature and all will be fine
